17 Yesterday the Governour and Councill mett to peruse the following Letters Vizᵗ: to Mʳ: Thomas Lovell &cᵃ: ffactors at Metchlepatam. To Sʳ: William Norris Barrᵗ: Embassador to the great Mogull. The Presidents Letters to Meddo Cawn Beague Nabob of the Gingerlee Coast & to the Governour of Metchlepatam, which with Generall Letter to the Cheif &cᵃ: Councill of Vizagapatam all dated the 16ᵗʰ: Instant, were Dispatched this day.

Genl: Letter to the new Compᵃ: Embassadoʳ.

TO HIS EXCELLᵀ: Sᴿ: WILLIAM NORRIS BARRᵀ:
EMBASSADOR TO THE GREAT MOGULL ATT
METCHLEPATAM.

Sʳ:

Wee having been inform'd by Mʳ: Thomas Lovell our Companys ffactor at Metchlepatam, that upon the approaching of the new Nabob, who is come to govern that Country, you sent for him, and deliver'd him a Paper, requireing and commanding him in a most extraordinary manner, not to make any applycation

to any of the Mogulls officers (for the better carrying on our affairs) without your leave & Permission, threatning to do no less then send him home in Irons, from which wee imagine you resolve the utter ruin of our Company, hopeing thereby to promote the Intrest of your Employers, the new East India Company.

Wee having no orders or Instructions to govern ourselves in this matter but the Act of Parliament, which in peruseing wee find, that there is five ℔Cent laid on all Goods for the maintaining Embassadors & Consuls, from which our Company is excepted till September 1701: which Embassadors & Consuls are to be nominated and Elected by the Directors of the new Company and sent to such Emperor or Prince in these parts as they please, and they to pay the charge out of the five ℔ Cent, and the remainder to be divided amongst the adventure[r]s, and in a subsequent clause 'tis said, that nothing in this Act shall be constru'd to extend, to hinder or restrain our Comp^{s}: trade till the 29th: September 1701, so that they being excused from contributing to the charge of Embassad^{rs}:, Consuls &c^{a}: certainly 'twas never intended that their affairs in these parts should be subject^{d}: to the Direction or controul of the new Comp^{s}: Embassad^{rs}: Consuls or Agents dureing their limitted time, wee being possest as the rightfull and Lawfull Proprietors of all Phirmaunds and Grants necessary for supporting the Trade, which has been procur'd at vast expences, and without corresponding with the Government, 'tis impossible to support our priviledges or Trade.

S^{r}: Wee think your proceedings not only Destructive to our Masters at Present, but will also prove fatal hereafter, if not intail a perpetual ruin on the trade. To prevent the Mischeifs that may attend us, and preserve the Intrest for which wee are concern'd, wee must acquaint you, that wee resolve to persist in corresponding with the Government as formerly, for the carrying on our Trade dureing the time limitted by Parliam^{t}: and order all our Companys Cheifs and ffactors under this Presidency to do the same, untill his Majesty Comands the contrary, or that wee receive orders from our Company.

As for the Injuries you have already done [our] Company and others of the Kings Subjects, by embargoing their Ships (who traded here under their protection) wee doubt not but that they will repre[sent] it in such places where they may find a remedy and Justice. In confirmation whereof, wee have hereunto sett our hands and the Seal of our Company at Fort S^{t}: George in the city of Madrass this 16th: day of January $1\frac{699}{700}$.

Honble: Sr:

Reasons why the customs for the year 1699 are lessen'd

According to your Honrs: order have perused the Sea-Custom Accots: for the years 1698 and 1699 by which find the reason why the Sea-Custom Accots: for 1699 comeing so much shorter then the preceeding year, arises cheifly in the Armenians & Moors Trade from Bengall, and for want of our Annuall China & Manilha Ships, which by some misfortune was detained the last year in Manilha & China, and but two of them as yet arrived, and it is my opinion, that this year will not amount to so much as last first, because of the many great Traders that have and are adrawing in their stoc[ks] in order for England, which undoubtedly will much lessen the number of Ships belonging to this Port, Secondly for fear of the Pirats which are grown very numerous in these parts, and Thirdly, for want of a Moors Army in this Country, which for many years past, has taken off vast Quantitys of all sorts of fforeigne Comoditys. Whereas in a Letter to Metchlepatam of the 3^{d}: January last, wee Empower'd M^{r}: Tho: Lovell &c^{a}: to draw on Us to the amount of Five thousand Pag^{s}: if there was an urgent necessity for't, and not otherwise, and that if M^{r}: Lovell was come away, the Power of drawing on us, was Null'd; soon after the receipt of said Order, M^{r}: Lovell Embarqu'd on the Benjamin for this place, yet nevertheless, hee drew two Bills on us to the amount of Five thousand Pagodas, which wee esteem contrary to the intent of our order; judgeing his comeing away so soon after the receipt of it, to be Tantamount as if he had been come away before, in regard wee did not intend to intrust the Companys estate in the hands of those who were not their Covenant Servants. The factors at Metchlepatam allow'd to draw 5,000 pag^{s}: ℔ Bill if necessity requir'd.

[21ST]

——*FORT ST. GEORGE, MARCH 1699-1700*——

They give the reasons for the necessity of drawing and two bills for 5,000 pas: order'd to be paid.

These two Bills for Five thousand Pagodas, having been often presented us for acceptance, & was this day in Councill brought again, upon which Mr: Lovell was sent for to lay before us the necessity there was for drawing these two Bills, whereupon he answers, that there being so small remains as about Thirteen hundred Pagodas, hee did it to keep the Merchants employ'd in the Company's Service, that so they might not all go over to the new Company to be Employ'd, which considering, as also the Credit of the Compa: the Bills being drawn by their ffactors, It is resolved, that the two Bills dated the 25th: Janry: last for Five thousand Pagoda's be forthwith paid Vizt: One for Pags: Two thousand five hundred to Indoor Tripite, the other for Two thousand five hundred Pagoda's to Quorala Railue as advised in their Letter dated the 30th: January last.

At Metchlepatam their Goods to lye unsorted & why.

And 'tis further Order'd that a Letter be wrote to Metchlepatam, that they hasten the getting in of the Goods, and to lett them lye unsorted till our further order, wee intending with all speed to send a Supervisor to Inspect and Direct the management of the Companys Affairs in those parts, and to settle a Cheif & Councill for the better management thereof.

TO THE HON^{BLE}: THOMAS PITT ESQ^{R}: GOVERN^{R}:
OF FORT S^{T}: GEORGE &C^{A}: COUNCILL.

Hon^{ble}: S^{r}: &c^{a}:

You having by an Act of Councill dated the 7th: December last, made all Collectors of the Comp^{s}: Revenues answerable for what received, whether by themselves or the Conicoplies. And also therein for security of such collectors have given them liberty to chuse their own Conicoplies with the approbation of your Hon^{r}: &c^{a}: And that it shall be in the Officers power to take Security of all Conicoplies that Officiate under him; which order being made in a very short time after I had enterd upon the employment I now am in, and therefore consequently, before I could have a true knowledge of the manner of collecting the customs, or of the persons by whom a great part must be received, was the only reason I did not make my applycation to your Hon^{r}: &c^{a}: sooner. But since I am better acquainted with that business, I humbly conceive, that it is not in the power of any Englishman to receive all the customs himself, because great part arises from importations made by blacke Merchants, Strangers; The Conicoplys that are now employed in collecting thereof have declared themselves uncapable of giving security nor can I find any that are, and 'tis hardly to be expected that men which serve for about Eighteen pence a week can give such as is sufficient. For w^{ch}: reasons if your Hon^{r}: &c^{a}: pleasure is that the Receiver shall be answerable for what received by all the Conicoplies self-preservation obliges me to acquaint you, that on those term's I dare not continue longer in that employ, being necessitated to trust such persons whose honesty is but poor Security. But if your Hon^{r}: &c^{a}: shall think fitt to order any method whereby the customs may be collected without such apparent hazard of ruin to the collector, I shall use my utmost diligence to put the same in execution, all which is humbly offer'd to your Hon^{r}: &c^{as}: consideration by

Receiver of the Custom-house his paper, declareing his unwillingness to continue in that Employ & why.

In Persuance of an Order of Consultation Dated, the 31st : May 1700, wee the Subscribers have met & summon'd the Joint-Stock Merchants, whose Objections to the Warehousekeepers Acco^{t} : and his Answers thereto are as followeth Viz^{t}:

Report of the Examination as to the difference between the Warehousekeeper & Joint Stock Merchants about the sorting of their Calicoes.

[18TH] —— *FORT ST. GEORGE, JUNE 1700* ——

No: 3. Pags: 30: 27:— No: 4. Pags: 29: 18:— No: 5. Pags: 28: 0:—

Q. Whether the Merchants were satisfied with the prizes wee have put upon the Ordr: Long Cloth as in the Margent.

A. They are not Satisfied without wee make it at Nr: 2.

The warehousekeeper doth say that the Price of the Longcloth was made by the Govr: and Councill thô the Consultation was omitted to be Entred, to the best of his remembrance it was Pags: 30: 9 and accordingly it was Invoiced, but Mr: Mead saith it was Pags: 30: 27 Probably some of the Councill may remember something of it.

Q. Concerning the Midling Longcloth whether they were contended with the difference of Pags: 3 between each number.

A. They will not allow more then Pags: 1: 18 on the same

The warehousekeeper and Mr: Mead doth affirm, that when these Goods were sorted, they sent severall peices to the Governour, acquainting him what they cutt from No. 1 to 2 who returned answer, that they ought to have cutt more.

As to the Salampores Ordinary they will allow 18 fanams from Number to Number and no more.

Upon examination of Journall **RR** wee find some at Pags: 1: 18 Pags: 1 & 18 fanams, thô wee are apprehensive there is a mistake in the Contract and that Pags: 14: 18 is put upon the Second N°: which ought to have been Pags: 15: 18 and the 3d: number Pags: 14: 18 the first being Pags: 16: 18.

The Ordinary Moores cutt Pags: 1: 18 between Sort and Sort they are not Satisfied with, but would have fans: 27 cutt; when it is apparent that the Weavers allowed Pags: 2 between N°: 9 & N°: 8, and N°: 8 & N°: 7 without Grumbling.

As to the Long Cloth fine they Object against Pags: 5 abatement between N°: & N°: and are willing to allow but Pags: 3 and whereas wee find the Ginghams of 40 coveds long valued at Pags: 65℔ Corge & Pags: 5 cutt from the highest to the lowest N°: gradually.

The Salampores fine is cutt Pags: 2 between N°: & N°: and they are against allowing more than Pags: one.

The warehousekeeper saith there hath been none of these sorts for many years and that the difference was cutt according to other Cloth of the same Nature, as fine Moores of Pags: 36 was cutt Pags: 3 and those of Pags: 20 ℔ Corge Pags: 1: 18 and these being at Pags: 29 was cutt as above.

The Merchants Object nothing against the fine Moorees, there being cutt but Pags: 3 between each number, thô wee find by the Generall books they have been cutt Pags: 4: 18 of which the warehousekeeper doth declare his ignorance.

Concerning the 40 Coved Gingham, Serapah doth alledge there is two sorts cleverly gone Vizt: No. 35 & 35½ as to the first wee find none, and the latter but few in Journall **RR** the warehousekeeper doth say they were sorted according to muster, and beleives they are all gone home, wishing that Serapa had made his complaint before, that they might have been Examin'd.

As to the 16 Coved Gingham, Serapa doth alledge the same as those of 40 Coveds and the Warehousekeeper gives the same answer.

The Succatoms he Objects the same as he doth for the Ginghams, and farther saith, that whereas they cutt Pags: 5 between N°: & N°: they ought to cut but Pags: 2: 18. The Warehousekeeper saith there is 3 bales in the Warehouse, and desires they may be open'd and compar'd with the Muster, there being no more cutt then there is in the other Goods of the like value.

To the 40 & 50 Coved Betteela's and Chints they have no Objection.

For the Oringall Betteela's they Object against the cutting Pags: 5 between N° & N°: and say they will allow no more then Pags: 2: 18. The Warehousekeeper answers, they are cutt according to Cloth of the like Value.

The valuation of the Long Cloth &cs: wee refer untill it all comes from the Washerman's.

—— *FORT ST. GEORGE, JUNE 1700* —— [18TH]

As to Stating the Merchants Acco^{ts}: wee defer till the Gov^{r}: & Councill has perused and determined the Premention'd Articles Dated in Fort S^{t}: George this 5th: June 1700.

M^{R}: ELLIS *indispos'd*

M^{r}: John Foquett chosen of Councill of this place.

There being a Vacancy by M^{r}: Braddylls late Dismision, and the R^{t}: Hon^{ble}: Comp^{a}: having in the 8th Parag: of their Letter dated 20th: Dec^{r}: 1699 recommended M^{r}: John Foquet. Wherefore 'tis resolved he be Sixth and last of Councill of this place, so being sent for, hee took his place accordingly.

The Settlement of the ..o'ern: factorys agreed on.

Whereas it has been often debated in this Councill (as by the foregoing Consultations appears) the Settlement of the R^{t}: Hon^{r}: Comp^{s}: ffactorys at Metchlepatam and Madapollam, they having in severall of their General Letters to this place, possitively order'd us to send'em what Goods procureable and those parts afford, which having hitherto endeavour'd, by sending Mess^{rs}: Lovell and Woolston, who acted by Comission and made Investments to a considerable amo^{t}: In the management of which, wee have not only reason to suspect their Integrity, but are likewise jealous, that they have betrayed the Interest and honour of our Masters, in truckling and submitting to the Insults of S^{r}: William Norris and M^{r}: John Pitt the new Companys Ambassador and Consull, they pretending, that wee are not to correspond with the Government to preserve our Masters Privileges, which hath been purchased by them at vast Expence, and which wee esteem the most valuable part of their Estate.

——*FORT ST. GEORGE, JULY 1700*—— [12TH]

The Ambassador has not only presum'd to command Mr: Lovell by papers under his hand, to Desist from makeing applycation to the Government for the preserveing our Privileges, but threatned him with Irons, if he should attempt the same as ℔ his Affidavit of this Date.

Wherefore for the foregoing reasons, and in persuance to our Masters Orders to make them Investments in those parts, we resolved to settle a Cheif and Councill in each place, and make our ffactorys as formidable as possible in order to preserve our Masters Intrest and to protect the persons of their servants from any injustices that shall be attempted to be done to them by the new Companys servants resideing in those parts, and the persons Elected by us for the management of this Affair are Vizt:

For Metchlepatam—

MR: JOHN FOQUETT CHEIF.
MR: JOSEPH HILLER SECOND.
MR: THOMS: FAUCETT 3D: & DOCTOR.
MR: JOHN ROWLAND 4TH: & LAST OF COUNCILL.

For Madapollam—

MR: STEPHEN FREWEN CHEIF & SECOND OF METCHLEPATAM.
MR: EDMUND BUGDEN SECOND.
MR: JEREMIAH HARRISON THIRD.

Jeremiah Harrison entertain'd a Factor.

Mr: Jeremiah Harrison being an ingenious and industrous man, wee have entertain'd him a ffactor in the Rt: Honble: Comps: Service for five years, he signing the usual Bonds, and have order'd him to write to his friends in England to give the usual security, provided the Company approves of him.

The persons for Settlemts: of the Northern Factorys to get ready for Embarqueing themselves.

Tis Order'd that the foregoing persons provide themselves for their takeing their Passage on Ship Howland, who is to be Dispatch'd with all speed; and that the Warehousekeeper and Paymaster provides the Presents &cs: Necessarys as agreed on by List enter'd next after this Consultation.

And considering the new Company hath a great many people in those parts, who there as well as in all other places, have stuck at nothing whereby they could prejudice our Masters, either in their Estate or their reputation, wee think it necessary and resolve the same, to send Twenty four Soldiers, with a Lieutenant, Serjant and Corporall to be at the Command of the Cheif and Councill of Metchlepatam.

Kittee Narrain to proceed to the Northard being acquainted with those parts & for his good services to ye: Compa: is exempted paying the Pedde Naigue & Pags: Dnty, as by a Cowle granted him.

And whereas Kittee Narrain, who has been an ancient servant of the Companys not only in this place, but likewise in Metchlepatam and those parts, and have been always ready to go upon any Expedition in the Comps: Service, and at this time wee being assured his going to Metchlepatam will very much facilitate the many Difficultys wee may meet with there, wee now sent for him, who readily accepted of the Service, giveing us all possible assureances of his Integrity and Diligence, for which as a mark of the Rt: Honble: Companys favour, wee have at his request Granted him a Cowle for Exempting him from paying the Pedde Naigue and Pagoda Duty, dureing the Life of himself and his son Timapah (as ℔ the form enter'd after this Consultation) and order that the Paymaster pay him One hundred Pagodas for defraying his Charges, whereof he is to give an Accot: at his return.

Complaint of the working Goldsmiths.

It having been an Epidemical complaint against the working Goldsmiths of this Place, of their unreasonable and unjust abaseing all Gold and Silver deliver'd them to work up, by which all people have been great loosers when they come to Dispose of the same; To prevent this great Mischeif for the future, Wee the Gov[r]: & Councill do order, that on & after the 29[th]: day of this present September 1700, that no Gold nor Silver shall be wrought up in this place nor the limits thereof, otherwise than the coin, but what shall be brought to the Essaymaster at the Mint, which if found to be according to the standard hereafter mentioned then he shall stamp it with a stamp made for that purpose, which is a Lyons head and Letter A the Letter to be alter'd yearly according to the Alphabet.

Methods for future prevention of the same.

All wrought Silver to be English Standard.
All wrought Gold not to be worse than Pagoda Matt.

And whatsoever wrought Silver or Gold the Essaymaster shall find when brought to him, to be under the aforesaid Matt, he shall cause it to be broke in peices, and the Goldsmith that wrought such plate, shall be forthwith carried before some one Justice of the Choultry, who upon information upon Oath from the Essaymaster, that such Plate he then produces is worse than the standard aforemention'd, then such Justice shall committ the Offender to Prison till next Court day when by the Justices of the Choultry, the person or persons so offending shall be fin'd or receive such punishment as the notoriousness of their crime deserves.

And whereas there are severall things wrought in Gold and Silver, which by reason of their smallness are uncapable of being stamp'd, 'tis Order'd that such small work either Silver or Gold, shall be brought to the Essaymaster to be touch'd by him, and if found under touch, then the offender to be proceeded against, as in the case of large Plate to be stamp'd.

Furthermore, It is required & Order'd that no person whatsoever make any wrought Plate or Employ any Goldsmith to make the same, but before he pays such Goldsmith, hee shall bring or cause to be brought the Plate so wrought to be stamp'd or Touch'd, on failure of which and proof made of the same, a Quarter part of the Value of said Plate shall be forfeited, one third part of which, to be paid unto our Church, one third to the Company, and one third to the Informer or Discoverer thereof.

And if any one shall presume or offer to counterfeit the Stamp, hee shall bee proceeded against in the Court of Admiralty where hee shall be punished or fined according to the merit of the fact.

Wee further Order, wrought Plate stamp'd or touch'd by the Essaymaster, so that it be of the same standard hereby Order'd, that it Pays unto the Essaymaster half a fanam Madrass for each Pagoda.

Wee also order, that the Essaymaster keep an exact acco[t]: of what Silver or Gold hee stamps or touches, with an Acco[t]: of what hee receives for the same, and produce the same monthly in Councill.

And that none may have cause to plead Ignorance in this our Order for stamping of all wrought Gold and Silver, It is resolved that the same be Affixt at the Sea Gate, in the English, Portuguez, Armenian, [Persian], Jentu & Malabar Languages.
